

Alpine Fudge

Mount Beauty
Testimonial

Alpine Fudge Owners Greg & Shelley.

We looked at Calico Cottage Fudge Systems for Several Years at the gift trade shows, but we didn't have the right shop. When we did we followed the Calico Cottage fudge program to the T!

People stop by on the way to Falls Creek and pick up a 6 pack of fudge. Then on their way back they buy another 6 pack to take home.

We make the fudge in the store. Where we make it out the back we have a customer viewing window which creates much interest and works really well.

We tell people they can melt it down and use over ice-cream and they love it.

We had put off doing it for a very long time, but very pleased that we now make our own fudge and wished we had done it years ago.
