

Mrs Jamieson's Tilba Fudge

Bates Emporium

2 Bate Street

Central Tilba NSW 2546

20th February 2007

My husband and I were at the Trade Fair February 1994, when we saw Calico Cottage Fudge displayed, we sampled the fudge and spoke about business opportunities. Pre Easter of that Brian came down to show us how to make the fudge.

Over the years we have extended our fudge display branded our fudge for our business and area. The fudge has given us a product that we can proudly say is made by us and made on the premises. It has given us an extra profit-making asset to our business.

People visiting our store love to watch it being made and sampling the fudge. The fudge area of our business is a positive addition to our business.

The calico team give you loads of assistance and prompt good service. If you are considering this addition, do it!! Seriously take the plunge.

Ken & Linda Jamieson
